

Bacteriological Analysis of Beach Water Multiple Sample Report for Official Agencies

Submitter: DIRECTOR OF ENVIRONMENTAL HEALTH
SOUTHWESTERN PUBLIC HEALTH - ELGIN ST
THOMAS SITE
1230 TALBOT ST
ST THOMAS, ON N5P1G9

Date & Time Collected*: 22-Aug-2022 1:15 pm
Date & Time Received*: 23-Aug-2022 2:43 pm
Date Reported: 24-Aug-2022 11:10 am
Resample: No

*All time values are EST /EDT.

Associated Public Health Unit: Southwestern Health Unit

Beach: PORT GLASGOW

Laboratory Results

Barcode ID	Date Analyzed	<i>E. coli</i> (CFU/100 mL)	Sample Comments
012126563	23-Aug-2022	90	
012126486	23-Aug-2022	40	
012126590	23-Aug-2022	70	
012126632	23-Aug-2022	80	
012126401	23-Aug-2022	70	

Geometric Mean: 68

Authorized by: Chief, Medical Microbiology or Designate

All samples were received in good condition unless otherwise stated under comments.

The geometric mean was calculated using the formula in the Ministry of Health and Long-Term Care Operational Approaches for Recreational Water Guideline:

$$\text{Geometric Mean} = ((X_1) \cdot (X_2) \cdot (X_3) \dots (X_n))^{1/n}$$

where (X_1) , (X_2) , etc. are individual data points and n is the total number of data points used in the calculations.

A value of 10 is used in the calculation for results reported as <10 cfu/100 mL and a value of 1000 is used in the calculation for results reported as $>1.0E3$ cfu/100mL. Cancelled samples will not be included in calculation of the geometric mean. If additional samples were submitted for this beach, the submitter must use another method to determine the correct geometric mean for that sampling session.

Exponential values are reported as "En" where "n" is the exponent (e.g. E3 is $X 10^3$).

Test Method: Membrane filtration (modified from the American Society for Microbiology's Bacteriological Examination of Waters: Membrane Filtration Protocol, current edition). The results apply to the sample(s) as received and only relate to these sample(s) tested.

If the reported client information does not match the information you supplied on the form please contact the PHO Customer Service Centre. Telephone: 1-877-604-4567 or 416-235-6556 or E-mail: customerservicecentre@ohpp.ca. For operating hours, see our website: www.publichealthontario.ca/labs.
